

VIRGINIA AVIATION BLOCK TIME RULES

Block time is prepaid rent for Virginia Aviation's Piper Arrow N3005V (PA-28RT-201).

The following block time rules apply:

- Block time is available in 10-hour blocks for flight by one individual, firm, or agency to be completed within a year from the date of purchase. Each 10-hour block must be used before an additional block is purchased.
- Block time on N3005V is \$1,300 for ten (10) hours (\$130 per hour). This is an 18% savings over the regular rental rate of \$160 per hour.
- Solo minimums are: 150 hours total time, five (5) hours retractable gear, an instrument rating, and a check-out with a Virginia Aviation flight instructor.
- Only Virginia Aviation instructors are authorized to conduct flight instruction in the aircraft.
- Block time is only for training and/or private rental purposes.
- Block time rental rate is paid in advance and refundable within one year of purchase. Request for refund voids block-time rates and time used reverts back to the full rental rate.
- Block time rates also allow a reduced overnight minimum of 1.5 flight-hours per night. Special requests will be considered on a case-by-case basis. Contact Jim Dolinar at 434-237-8431.
- Rules are subject to change at any time without notice.

All other Virginia Aviation Renter Rules remain in effect except as outlined above.
